

Volunteer Spotlight

Anthony Dorsey-Kountz

August 2021

Did You Know?

- Anthony loves spending his free time in downtown Fort Collins, Colorado. He enjoys grabbing an ice cream cone from his favorite local shop and exploring the Poudre River!
- Anthony is huge into meteorology! In particular, he enjoys learning and teaching others about tornados. Anthony has been very succesful in sharing his findings to his fellow self-advocates through presentations during check in with friends, a self-advocate support group.
- When asked if Anthony could change anything in the world, he responded, "I would make sure that the world listens to all rules and stay's safe and healthy."
- If Anthony could give one piece of advice it would be to "Always stay true to who you are. Being yourself is perfect and it is okay to be different."
- Anthony loves listening to music, watching movies, and most of all being social!

Our Message to Anthony

The Arc of Weld County (The AWC) would like to recognize Anthony Dorsey-Kountz. Anthony has been apart of The AWC family for quite some time now. He first got involved with our agency when he was seeking advocacy support and from that moment The AWC has been lucky to have Anthony join our team in a vast array of roles including dedicated member/ membership committee member, enthusiastic volunteer, and in 2018 joined our Board of Diectors. Anthony keeps involved in as many events as possible. A few of Anthony's favorites include our annual Pool Party, Families in Action, and check in with friends support group. Anthony's honest, kind, and bubbly personality is infectious and anyone who comes into contact with Anthony is sure to have made a life long friend. The AWC team is so grateful to have someone as compassionate and free spirited as him be apart of our agency. Anthony strives each day to advocate for fellow self-advocates in his community and his efforts do not go unnoticed. Thank you Anthony for being who you are!
