How has COVID impacted how FIA will be structured in 2022?

Currently there is a mask mandate for the Retreat Center, for which masks are required for anyone over 2 years of age indoors. The facility has increased their cleaning and deep cleaning procedures to keep everyone safe. The tables are placed at 6-foot distances and attendees are encouraged to practice social distancing. The Retreat Center will also have 6-foot distance stickers on the floors for additional guidance. The AWC will monitor all public health orders and will comply as appropriate throughout the FIA retreat in 2022.
